

# THE FOUNDERS

The first 25 residents who move into The Village at White River Junction represent a very special group, our Founders, and will benefit from special and exclusive benefits. The Founders will be honored by Gates & Dickson as pioneers in the creation of this extraordinary new community. We built the building, but you will make it a home. The mission of Gates & Dickson is to create life experiences that enrich, enliven, and engage our senior residents.

## Here are some of the adventures awaiting our Founders:

### THE CHEF'S TABLE

Founders will taste-test meals by the Chef and determine the core menu for our community; what you like will be on our menu, and what you don't won't!

### FOUNDERS' LUNCHES

We'll treat you to exclusive, individual lunches with our architect, interior designer, landscape architects, owners, and a White River Junction historian. Enjoy this unique opportunity to learn about the vision and ideas that shaped the construction of the community.

### STRATEGY SESSIONS WITH THE DIRECTOR OF LIFE ENRICHMENT,

at which you will participate in the selection of our special guest presenters, including artists, community leaders, and experts. You can have a voice in the creation of resident programs at The Village!

### YOUR OWN PRIVATE PARTY

Invite your family and friends (up to 10 people) for private social celebrations at The Village, such as High Tea in Teddy's Pub, Movie Night (you choose the film, and we provide the popcorn!), Sunday Brunch in the Wentworth Dining Room, or a Summertime Rooftop Cocktail and Appetizer Party on Cantore Terrace.
